The Department of Defence is seeking to recruit a Civilian Consultant Psychiatrist to provide military psychiatry services to the Defence Forces.

Given the distinctive nature of the work of the Defence Forces, including overseas deployment in areas of conflict, peace keeping and crisis management operations, the position will provide the successful applicant the chance to work and gain experience in a highly specialised area of psychiatry.

The position will be on a two-year fixed term contract basis, with a pay scale equivalent to HSE Consultant rates, and will be based in the Defence Forces Central Medical Unit, headquartered in St Bricins Military Hospital, Stoneybatter, Dublin 7.

Background

The Consultant Psychiatrist, under the administration of Officer In Command, Central Medical Unit (CMU) and the Clinical Direction of the Director Medical Branch (DMB), will provide services to the Permanent Defence Forces. The Medical Corps is comprised of the Medical Directorate and the CMU. The Medical Directorate is headed by the Director Medical Branch (DMB) who is responsible for medical education, medical training and clinical governance. The CMU comprises non-technical (i.e. administrative) staff plus medical officers (qualified medical doctors), dental officers (qualified dentists), pharmacists, clinical psychologist and other medical professionals. The CMU is responsible for service delivery as well as administration and co-ordination of medical services and staff.

The provision of medical services within the Defence Forces is a combination of primary care, some limited secondary care and an occupational medical service designed to ensure that Defence Forces personnel are medically fit to undertake the duties assigned to them and to treat any medical conditions arising which would inhibit their capacity to undertake such duties. The majority of secondary health care for members of the Defence Forces is provided through the public/private health care system.

As a part of DF Medical Services, the Consultant Psychiatrist is responsible for advice on the maintenance of mental health and the prevention of mental illness in the DF, whilst providing

treatment where required. The model of care is person-centered and recovery focused provided by clinical team in partnership with the community and voluntary agencies to assist best possible outcomes. The service is based on close liaison between mental health professionals, medical doctors, nurses, social workers, personnel support services and command.

Reporting Relationship

The Consultant's reporting relationship and accountability for the discharge of his/her contract is reporting to Clinical Director, Medical Corps and OC CMU.

Medical Indemnity

Defence Forces medical personnel are fully covered by State indemnity in respect of the medical care provided by such personnel arising from their treatment and care of all persons in their capacity as medical practitioners within the Defence Forces. State indemnity, as operated by the State Claims Agency, indemnifies the Department of Defence (DoD), its servants and/or agents in respect of any claims for personal injury and/or third-party property damage, arising from the negligence of the DoD, its servants and/or agents. State indemnity extends to all business activities of the DOD, to include providing Defence Forces mental health professional services. The selection may include:

- shortlisting of candidates on the basis of the information contained in their application
- a competitive preliminary interview
- completion of online questionnaire(s)
- presentation or other exercises
- a final competitive interview
- Any other tests or exercises that may be deemed appropriate

Shortlisting

Normally the number of applications received for a position exceeds that required to fill existing and future vacancies to the position. While a candidate may meet the eligibility requirements of the competition, if the numbers applying for the position are such that it would not be practical to interview everyone, the Public Appointments Service may decide that a number only will be called to interview. In this respect, the Public Appointments Service provide for the employment of a short listing process to select a group for interview who, based on an examination of the application forms, appear to be the most suitable for the position. An expert board will examine the application forms against a pre-determined criteria based on the requirements of the position. This is not to suggest that other candidates are necessarily unsuitable or incapable of undertaking

the job, rather than that there are some candidates, who based on their application, appear to be better qualified and/or have more relevant experience. It is therefore in your own interest to provide a detailed and accurate account of your qualifications/ experience on the application form.

Admission to a competition

The admission of a person to a campaign, or invitation to attend an interview or a successful letter, is not to be taken as implying that the Public Appointments Service are satisfied that such person fulfils the requirements of the competition or is not disqualified by law from holding the position and does not carry a guarantee that your application will receive further consideration. It is important, therefore, for you to note that the onus is on you to ensure that you meet the eligibility requirements for the competition before attending for interview. If you do not meet these essential entry requirements but nevertheless attend for interview you will be putting yourself to unnecessary expense.

Security Clearance

You will be required to complete and return a Garda Vetting form should you come under consideration for appointment. This form will be forwarded to An Garda Síochána for security checks on all Irish and Northern Irish addresses at which you resided. However should your application for the competition be unsuccessful this form will be destroyed by PAS. If you subsequently come under consideration for another position, you may therefore be required to complete a further Garda Vetting Form.

If a candidate has resided / studied in countries outside of Ireland for a period of 6 months or more, it is **mandatory** for them to furnish a **Police Criminal Records Check/ Police Certificate** from those countries stating that they have no convictions recorded against them while residing there. Candidates will need to provide a separate **Police Criminal Records Check/ Police Certificate** for each country in which they have resided. The **Police Criminal Records Check/ Police Certificate** must be dated after the date the candidate left the relevant country. Candidates should provide documentation in the English and/or Irish language. Translations must be provided by a registered translation company/institute in the Republic of Ireland; all costs will be borne by the candidate. Only original version documents will be accepted.

Candidates should be aware that any information obtained in the Garda Vetting process can be made available to the employing authority.

It is the responsibility of the candidate to seek security clearances in a timely fashion as they can take some time. No candidate will be appointed without this information being provided and being in order.

Original Police Clearance documentation should be forwarded to the PAS. Candidate can request the original to be returned to them from the Health Business Service medicalental@hse.ie. Any cost incurred in this process will be borne by the Candidate.

Prior to recommending any candidate for appointment to positions the Public Appointments Service or employing organisation will make all such enquiries that are deemed necessary e.g. employer references, to determine the suitability of that candidate. Until all stages of the

recruitment process have been fully completed a final determination cannot be made nor can it be deemed or inferred that such a determination has been made.

- Be suitable on the grounds of health & character;

Qualification and placement on a panel is **not** a guarantee of appointment to a position. Please note that once an offer of appointment has been accepted a candidate will no longer remain on the panel.

Declining an offer of appointment

Should the person recommended for appointment decline, or having accepted it, relinquish it, or should additional similar vacancies arise, the PAS may at its discretion, select and recommend another person for appointment on the results of this selection process.

This is important as it ensures that we are aware of the problem and can take the appropriate steps to resolve it.

General Data Protection Regulation (GDPR)

The General Data Protection Regulation (GDPR) came into force on the 25th May 2018, replacing the existing data protection framework under the EU Data Protection Directive. When you register with publicjobs.ie or submit an application for a competition, we create a computer record in your name. Information submitted with a job application is used in processing your application. Where the services of a third party are used in processing your application, it may be required to provide them with information, however all necessary precautions will be taken to ensure the security of your data. If you are successful in the recruitment and selection competition, your application may be made available to the Human Resources section of the organisation to which you have been assigned.

To make a request to access your personal data please submit your request by email to: dpo@publicjobs.ie ensuring that you describe the records you seek in the greatest possible detail to enable us to identify the relevant record(s).

- Any person wishing to use such equipment for any of these purposes must seek written permission in advance. This policy is in place to protect the privacy of staff and customers and the integrity of our assessment material and assessment processes.
- Unsanctioned use of recording equipment by any person is a breach of this policy. Any candidate involved in such a breach could be disqualified from the competition and could be subject to prosecution under section 55 of the Public Service Management (Recruitment & Appointments) Act, 2004.

Procedures where a candidate seeks a review of a Decision taken in relation to their application

A request for review may be taken by a candidate should they be dissatisfied with an action or decision taken by the Public Appointments Service (PAS). The PAS will consider requests for review in accordance with the provisions of **Section 7** of the Code of Practice *Appointments to Positions in the Civil and Public Service* published by the Commission for Public Service Appointments (Commission). When making a request for a review, the candidate must support their request by outlining the facts they believe show that the action taken or decision reached was wrong. A request for review may be refused if the candidate cannot support their request.

The Commission recommends that, subject to the agreement of the candidate, where the office holder (in this instance the Chief Executive Officer of PAS) considers the matter could be resolved they should first seek to engage on an informal basis, before making use of the formal review procedure.

Procedure for Informal Review

- A request for Informal Review must be made within 5 working days of notification of the decision, and should normally take place between the candidate and a representative of the PAS who had played a key role in the selection process.
- Where the decision being conveyed relates to an interim stage of a selection process, the request for informal review must be received within 2 working days of the date of receipt of the decision.
- Where a candidate remains dissatisfied following any such informal discussion, he/she may adopt the formal procedures set out below.
- If the candidate wishes the matter to be dealt with by way of a formal review, he/she must do so within 2 working days of the notification of the outcome of the informal review.

Procedure for Formal Review of Selection Process

- The candidate must address his/her concerns in relation to the process in writing to the Chief Executive, outlining the facts that they believe show an action taken or decision reached was wrong.
- A request for review must be made within 10 working days of the notification of the selection decision. Where the decision relates to an interim stage of a selection process, the request for review must be received within 4 working days.

- Any extension of these time limits will only be granted in the most exceptional of circumstances and will be at the sole discretion of the Chief Executive.
- The outcome must generally be notified to the candidate within 25 working days of receipt of the request for review.

Complaints Process

A candidate may believe there was a breach of the Commission's Code of Practice by PAS that may have compromised the integrity of the decision reached in the appointment process. The complaints process enables candidates (or potential candidates) to make a complaint under **Section 8** to the Chief Executive Officer of PAS in the first instance, and to the Commission for Public Service Appointments subsequently on appeal if they remain dissatisfied.

- Allegations of a breach of the Code of Practice should be addressed in writing, and within a reasonable timeframe, to the Chief Executive Officer in the first instance. The complainant must outline the facts that they believe show that the process followed was wrong. The complainant must also identify the aspect of the Code they believe has been infringed and enclose any relevant documentation that may support the allegation. A complaint may be dismissed if they the complainant cannot support their allegations by setting out how the Public Appointments Service has fallen short of the principles of this Code.
- On receipt of a complaint PAS may determine to engage with the complainant on an informal basis.

For further information on the above procedures please see the Code of Practice Appointments to Positions in the Civil and Public Service which is available on the website of the Commission for Public Service Appointments, www.cpsa.ie

There is no obligation on the PAS to suspend an appointment process while it considers a request for a review. Please note that where a formal review of a recruitment and selection process has taken place under Section 7 of this Code of Practice, a complainant may not seek a further review of the same process under Section 8, other than in the most exceptional circumstances that will be determined by the Commission at its sole discretion.

Requests for Feedback

Feedback in relation to the selection process is available on request. There are no specific timeframes set for the provision of feedback.

Please note that the Review Process as set out in the Code of Practice is a separate process with specified timeframes that must be observed. Receipt of feedback is not required to invoke a review. It is not necessary for a candidate to compile a detailed case prior to invoking the review mechanism. The timeframe set out in the CPSA Code cannot be extended for any reason including the provision of feedback.

During the interview, the PAS Representative will maintain the official record. This involves taking an objective note of questions asked by board members and of the key points/words from candidate answers. While a verbatim account is not expected, the record may be used as an aide-memoire e.g. when evaluating/reflecting back on candidates after the interview; evidence and justification for decisions made; used in the case of a review, appeal or challenge. These notes are releasable to candidates on request.

Following on from each candidate's interview the PAS Representative will record a summary comment representing the consensus view of the Board. The purpose of this summary comment is to provide clear and concise feedback on a candidate's performance at the interview. This must relate to the candidate strengths/ weaknesses as assessed against the key criteria covered at interview. This comment provides specific and meaningful feedback on each candidate reflecting the marks awarded, however, it is not intended to be a mechanism for providing developmental guidance or advice for the candidate. This comment is particularly important where the candidate

has been unsuccessful, or whose placing is unlikely to be reached. When requested, this comment will be used to facilitate feedback by PAS to the candidate.

Candidates' Obligations

Candidates in the recruitment process must not:

- knowingly or recklessly provide false information
